“ *My dad was a very caring person to the ones he loved he will be missed by everyone. It is hard to say goodbye to him and no I can't call him when I have some issue with the car that I didn't pay attention when he was teaching me or any other thing I was half listening when he was teaching me life things. It is also hard cuz now we won't be able to play farkle anymore as a family but I know he is at peace and with all his family up there. But dad I can promise you one day I am gonna bowl that perfect score and it is going to be for you cuz you are the reason I live bowling so much. I love you and I will see you when it is my time*
