“ *Those who remember and think of Harry will immediately have a smile on their face. You will always be my brother in law even though we took different paths on life. Until we meet again. Maybe Ill finally be able to get you to finish me a song on that guitar. Enjoy your well deserved rest. Say hello to my mom and Gap.

“ *I went to school with Harry from 1st grade. We always had a lot of laughs at school back then. Greystone was a close knit school and we all had some great memories of friends. Rest in peace Harry.*
