“ Lisa and Jessica,

*Again, I'm so sorry for your loss. Your mother was one of the most beautiful souls I was blessed to share time with on this earth. She was so sweet and always had a kind word for others. She was such a good aunt to me and my siblings, was always good to my parents, and I appreciate that she always kept in touch with my mom and would stop by to visit her. She was incredibly generous and kind, and I will remember her warmth and deep love for her family. Every time I ever spoke to her, she would bring up her beloved brother Frankie and how much she loved him, and I know that he loved her too. She is now with her parents, sister, and 3 brothers, and I know they all welcomed her with open arms. She had such a strong faith and looked forward to her afterlife, and I'm sure God has given her soul eternal peace and a safe resting place with him.*

*I know that no words I can offer will have the power to ease your loss, but I hope that your many warm memories of your mother will sustain you during this trying time. She will live on through you when you remember her when she smiled, laughed, and loved her family.*

*I love you both. If there is anything I can do for you, please don't hesitate to reach out.*

*Love,  
Dawn*
