Marilyn was also an outstanding wife, mother and grandmother but most of all, she was our Mimi; our Mimi who loved her family to no end and would do anything for them, especially her grandchildren. She loved having family dinners and playing a good game of home bingo. Mimi loved watching her family laugh and a good day out for Mims was a little shopping and lunch. Mimi had a special little dog, Mia that she also took extra loving care of. Mimi was an extraordinary kind of grandmother but, she was also a special friend. She meant a great deal to her family and she will be sadly missed by us all. We love you Mimi.
