

Mary Cornell

August 3, 2024

Mary passed on August 3rd 2024 surrounded by her family and friends. She had proudly turned 70 in July.

She was survived by her daughter Tracy Cornell, her sister Anne Carpenter, her niece Bethany Carpenter, her nephew Matthew Carpenter and her grand niece Saidey Mossman. Her family was her most beloved..

She was daughter to the late Raymond and Dorothy Carpenter, sister to the late Raymond and Douglas Carpenter, and Aunt to the late Heather Carpenter. Mary loved the ocean. Her heart was as big as the moon and her zany dry sense of humor had us constantly laughing through the years. She had a knack for doodling funny cartoons and underlined the important words in all of the cards she gave because they didn't emphasize her love quite enough. Mary's description of a perfect meal would have been a ham sandwich with potato chips, native tomatoes, potato salad and an endless ice cold glass of Pepsi. Followed by chocolate ice cream of course.

She spent many years working in food service throughout her life and found great solace in being an avid reader. Her favorites being Stephen King and Dean Koontz.

We will be having a Celebration of Life at Beavertail Park in Jamestown, RI on August 18, 2024 at 3:00 p.m.
