*I'm not even sure what brought me to this page. I knew Paul way back in our RIC days. Being a French major, I knew Paul through our common interests and Professors. It saddened me to read of his passing. I enjoyed reading of his interesting life, and feel sad to think it was not a much longer one. I would like to offer my condolences to Paul's family. It's funny how you never know how a person's life touches others. My being here is proof of that.*
