“ She not only had a sweet smile, but her whole being was one of a loving, caring, and nurturing Mother, Wife, Grandmother, and friend. She was always concerned about how everyone else was doing, even as she was battling her own disease. We wish we could clone her, because she had the best qualities, of any human being. She was strong in her faith, that only became stronger towards the end of her life. She knew that better times would be ahead for her in the near future. Until then we will miss her, and always think of her as our dear friend. We were blessed to have had her, and Larry in our lives, and we are better from knowing her. Until we meet again, my sweet sister! Love, Linda and Doug Greene
